Bio

I'm passionate about film and performing!

I've been taking acting classes since 2022, building my skills and learning how to bring characters to life. I've also had experience on set as an extra, which was such a great learning opportunity, and I'm excited to take things further and land my breakout role.

I've been dancing since I was 2 years old - ballet, jazz, contemporary, and lyrical are my main styles—and I love bringing movement and emotion into my performances. I'm always looking for new opportunities to grow and gain experience in the industry, and I can't wait to see where this journey takes me
